Intent

Art education has been proven to have remarkable impacts on academic, social, and emotional outcomes, helping us develop empathy as we learn more about societies, cultures and history.

Engagement with art helps us stretch our minds beyond the boundaries of the printed text or the rules of what is provable to encompass visual-spatial learning and develop motor skills.

Through art, we learn to express ourselves confidently and creatively.

Implementation

When is Art taught?

Art is taught through thematic units, both through Skills Development Tasks and through projects which then apply those skills. The Satellite View maps out which thematic units feature this subject and clearly shows the objectives taught.

How is Art taught?
